# COMBINED FACILITY REPORT: ATLANTIC CITY CASINOS, 2011

CENTER FOR GAMING RESEARCH, JULY 2012

---

## Executive Summary

In 2011, Atlantic City casinos had among them 1,579 table games, 27,048 slot machines, and 1,345,102 square feet of casino space. The distribution of these games and spaces is valuable information for those who study the industry. Collected here is a combined facility report for all Atlantic City casinos, with industry totals and the industry average in each category.

In that year, 22 different table games were in use in the city's casinos, and low-denomination slots (penny, two cent, and nickel) proved to be among the most popular slot machines.
