## Historical Note

---

The origins of the Junior League of Las Vegas, previously called the Service League, dates back to February 26, 1946, when seven women in Las Vegas, Nevada met and considered the need to supplement the services of existing agencies and organizations in Clark County. They soon invited other young women to join them in making a survey of community needs. The Service League would address the unmet needs of the rapidly growing community with the primary purpose of promoting community welfare, education, culture, and civic activities.

In 1958, the League developed a training program for all new members. The emphasis was placed on knowing the community, the social service agencies and welfare organizations, and the cultural resources of the community as well as League policies and projects. In 1959, the Service League started sponsoring the Junior Service League, patterned after the Service League, for local high school girls. Two members of the Service League acted as sponsors and supervised activities with an advisory board composed of five League members. The group was financially independent.

On September 26, 1971, after discussion and several meetings, the Service League aligned with the national organization called the Association of Junior Leagues. Las Vegas became the 219th affiliated member and is now known as the Junior League of Las Vegas. For more than 60 years, the Junior League has donated more than \$1,500,000 to the Las Vegas community.

As of 2014, the Junior League of Las Vegas continues to help the community through their many volunteer projects.
